EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Matthew L. Schneider on November 25, 2009.

The application has been amended as follows:

IN THE CLAIMS

Claim 1, line 2, after the phrase "packaging containers" insert the phrase --, having corner flaps pointing substantially straight out from sides of the packing container,--.

2. The following is an examiner's statement of reasons for allowance:

Frulio shows an apparatus that is used for changing the orientation of packaging containers in motion in a filling machine between a first orientation and a second orientation. The apparatus includes a conveyor with at least one carrier to which at least one carrier unit is rotatably connected such that it is adapted to carry the packing container with a pair of finger portions. The carrier unit is adapted to carry the packaging container in such a manner that the point of gravity of the packaging container during the change in orientation is located on a geometric axis of rotation and the point of gravity of the packaging container thereby maintains substantially the same direction of movement and speed from the first orientation to the second orientation. However, the apparatus is not used to turning packaging containers having corner

flaps pointing substantially straight out from sides of the packaging container. Therefore, because the preamble of the claims directing the invention to an apparatus comprising a turning mechanism which is adapted to change an orientation of a number of packaging containers having corner flaps pointing substantially straight out from sides of the packaging container breathes life into the claims, Frulio does not show all the structure required by the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MARK A. DEUBLE whose telephone number is (571)272-6912. The examiner can normally be reached on Monday through Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gene O. Crawford can be reached on (571) 272-6911. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
